WOMENAND CRIMINALVICTIMIZATION

Violence against women is an important issue that impacts individuals, families and society as a whole. It also acts as a barrier to gender equality in Canada and around the world.

OVER 1.2 MILLION VIOLENT 2014 VICTIMIZATION INCIDENTS

self-reported* by women

Violent victimizations include sexual assault, robbery and physical assault.

this represents of all violent incidents

*The two primary sources of data are police-reported crime data, and self-reported victimization. Self-reported incidents may not have come to the attention of the police and were collected through the General Social Survey on Canadians' safety.

VICTIMS ARE FEMALE

RISK FACTORS

Violence can affect anyone, but some factors can put individuals at higher risk of being victimized.

YOUNG WOMEN aged 15 to 24

Violent victimization was the highest among young women in this age category, with 215 incidents per 1,000 population.

INDIGENOUS WOMEN

experienced violence at a rate 2.7 times higher than non-Indigenous women in 2014.

1980

2015 24% of all female homicide victims were Indigenous

RATES OF VICTIMIZATION **DECLINE WITH AGE** *per 1,000 population aged 35 to 44 68 incidents* aged 55 to 64 42 incidents* aged 25 to 34 aged 64 and older aged 45 to 54 128 incidents* 14 incidents* 68 incidents*

LESBIAN AND BISEXUAL WOMEN

experienced violence at more than twice the rate reported by gay and bisexual men in 2014.

*per 1,000 population

incidents* 121 incidents*

Gay and bisexual men

Lesbian and bisexual women

These highlights were taken from the "Women in the Criminal Justice System" chapter of the 7th edition of Women in Canada: A Gender-based Statistical Report.
